**Say it With "So"** I'll choose a word from the list. Try to put the word in a sentence that shows a cause and an effect by using the word so. For example, "It was supposed to rain, so I took my umbrella."

### SPELLING WORDS

|        |        |       |          |
|--------|--------|-------|----------|
| squirm | dreary | nerve | squirt   |

| stern  | spurts | lurch | blurt    |
| thirst | spur   | year  | engineer |
| jeer   | sneer  | clear | yearns   |

**Mixed Up!** I'll write down the letters of a spelling word, but they'll be out of order. See if you can unscramble the letters to spell one of your words.

## Dear Family Member:

*Pipolo and the Roof Dogs* is a magical story about a girl's pet and the dogs that live on the roofs of her village. Throughout the story, we are to look for causes and effects—the things that cause situations to happen, and the outcome of the situations. Events just keep tumbling on in this story, one causing the next. By paying attention to causes and effects, I can see how a writer takes you from one place to another.

### Queridos familiares:

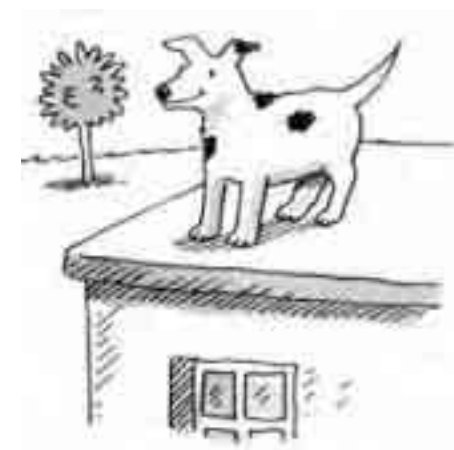

*Pipolo and the Roof Dogs* es un cuento mágico sobre la mascota de una niña y los perros que viven en las azoteas de su pueblo. A lo largo del cuento buscaremos las causas y los efectos, o sea, las cosas que hacen que algo suceda y sus consecuencias. En este cuento pasan muchas cosas, una causa la otra. Cuando presto atención a las causas y los efectos puedo ver cómo un escritor o escritora nos lleva de un lugar a otro.

Di li avèk "so" Mwen pral chwazi yon mo nan lis la. Eseye mete mo a nan yon fraz ki montre yon koz ak yon efè lè w itilize mo so. Pa egzanp, "It was supposed to rain, so I took my umbrella."

#### MO ÒTOGRAF

**Mo ki melanje !** Mwen pral ekri lèt ki nan yon mo òtograf, men yo pa pral nan lòd yo ta sipoze ye. Gade pou wè si w ka debwouye lèt yo pou ka eple youn nan mo w yo.

### Chè manm fanmi :

*Pipiolo and the Roof Dogs* se yon istwa majik konsènan yon zannimo domestik yon tifi ansanm ak chyen ki abite sou twati kay nan vilaj li a. Atravè istwa a, nou gen pou nou chèche pou koz ak efè—kèk bagay ki lakoz kèk sitiyasyon rive, ansanm ak rezilta sitiyasyon yo. Evenman yo kontinye ap tonbe youn sou lòt nan istwa a, yon evenman lakoz pwochen evenman an. Lè m prete atansyon sou koz ak efè yo, mwen ka wè ki jan yon ekriyen pran w pou sot yon kote pou ale nan yon lòt kote.
