Dear Family Member:

One of the great things about science fiction stories is that anything can happen! This week, we're reading a fun story called *LAFFF*. It's about a genius kid who invents a time travel machine and the clever way another student uses this discovery. When traveling back and forth from the future, it's very important to keep track of what happens when. A lot happens, so I need to pay attention to the sequence of events.

Queridos familiares:

¡Una de las cosas que más me gusta de la ciencia ficción es que puede pasar cualquier cosa! Esta semana estamos leyendo un divertido relato que se llama *LAFFF*. Trata de un niño genio que inventa una máquina de viajar en el tiempo, y del ingenioso uso que le da otro estudiante a este descubrimiento. Cuando se va y se vuelve del futuro, es muy importante seguir la pista de lo que pasa y cuándo. Como pasan muchas cosas hay que prestar atención al orden.
