Dear Family Member:

I'm reading *The Kite* in class this week. I learned that most stories begin with a problem and end with a solution. This story begins with Toad trying to get his kite up in the sky. I guess that's the problem. Frog tells him something he can do to make the kite fly. Will that be the solution?

Queridos familiares:

Estoy leyendo *The Kite* en la clase esta semana. Aprendí que la mayoría de los cuentos comienzan con un problema y terminan con una solución. Este cuento comienza con Toad tratando de remontar su papalote en el cielo. Supongo que ése es el problema. Frog le dice algo que él puede hacer para que el papalote vuele. ¿Será ésa la solución?
